**Please Note:** Splash Colours are added by hand during the moulding process, and as such, each splash pattern is truly unique. Unfortunately, it is not possible to fulfil specific pattern or colour distribution requests, and order cancellations on the grounds of the resultant mix of the selected colours will not be accepted once the kayak has been moulded. Colours shown in this pdf are provided as a guide only, and may vary from the actual pigment of plastic used.

\*Only available to UK/EU customers. Terms & Conditions apply.
